

Loggers Serving Benzie, Grand Traverse and Leelanau Conservation Districts

(Updated September 2023)

Often forest landowners would benefit from a level of professional assistance that is not funded by the Forestry Assistance Program. To assist landowners who desire that level of technical assistance, we have compiled a listing of loggers. This list was compiled from the yellow pages and official websites of each business.

Leelanau Conservation District intends zero bias with this list and the fee structure of each business varies.
