

## Nurseries Serving Leelanau, Grand Traverse and Benzie Counties

(Updated September 2023)

*Often forest landowners would benefit from a level of professional assistance that is not funded by the Forestry Assistance Program. To assist landowners who desire that level of technical assistance, we have compiled a listing of plant nurseries. This list was compiled from local natural resource professionals, business websites, and the yellow pages. Leelanau Conservation District intends zero bias with this list and the fee structure of each business varies.*
