Township	City/Village	Subdivision	Lot No.

PROPOSED EARTH CHANGE

Describe earth change activities:

Include a site plan (instructions on back)	Size of earth change (acres or sqft)	Distance to nearest lake, stream, or wetland: If under 100' _____ If over 100' <input type="checkbox"/>

I (we) affirm that the above information is accurate and I (we) will conduct the earth change described above in accordance with Part 91 Soil Erosion and Sedimentation Control, of the Natural Resource and Environmental Protection Act, 1994 PA No. 451 as amended, applicable local ordinances, and the documents accompanying this application. **By signing this application, I authorize the County Enforcing Agent to complete a site inspection of the property referenced in the 'Location' section of this document.** I understand that upon completion of a site inspection it may be determined that a waiver is not applicable for this project and a Soil Erosion and Sedimentation Control Permit is required.

Landowner's Signature

Date

Designated Agent's Signature (requires landowner authorization)

Date

This section to be completed by the Erosion Control Officer

Distance to lake, stream or wetland: 100' or less Greater than 100'

Total amount of soil disturbance: 225sqft or less Greater than 225sqft

Planned grade of finished driveway: 10% or greater Less than 10% N/A

Potential for flooding: Yes No

Soil type: Sand Silt Clay Organic

Other sensitive sites: High Risk Erosion Area Critical Dune N/A

Waiver approved
 Waiver denied

Control Officer Signature

Date

Soil Erosion and Sedimentation Control Plan

Refer to Rule 323.1703

Draw or attach a site plan that includes **ALL** of the following:

- Property boundaries
- Limits of earth change
- Spoils location(s)
- Fill material (amount and location)
- Landscape restoration work
- Slopes
- Soil type
- Temporary and permanent stormwater controls
- Proximity to water or wetland
